

## ASX RELEASE

31 January 2023

# AL WASH-HI-MAJAZA PROJECT – SITE ACCESS ROAD COMPLETED

**Perth, Australia:** Alara Resources Limited (ASX: AUQ) (“**Alara**” or “the **Company**”), a base and precious metals explorer and developer with projects in Oman, is pleased to announce completion of the access road connecting the Al Wash-hi-Majaza copper-gold joint venture project (**Project**) site to the Izki-Sinaw Highway.

### Multi-purpose road designed for all weather conditions

The bitumen sealed road will handle the full range of vehicle types, from light through heavy, servicing the Project when fully operational. The road is designed to minimise the risk of weather related transport disruptions to mining output, including a 160m low-water causeway (Irish Crossing) across the Wadi Andam Creek.

The road also includes a clear ESG payoff. Being sealed, dust generation otherwise caused by constant traffic flows on the road when the Project is in production will be minimised.

The photos below show the completed access road.

### About Alara Resources

Alara Resources Limited (ASX: AUQ) is an Australian-based precious and base metals explorer and developer.

Alara is currently focused on developing the Al Wash-hi Majaza Copper-Gold project in Oman, where it is in the process of constructing copper-gold mining and processing facilities. The Company is also continuing exploration activities at its other Oman projects, the Block 7 exploration licence under the Daris JV and the Mullaq and Al Ajal exploration licences under the Al Hadeetha JV.

Alara's mission is to become a mid-tier minerals producer which will deliver maximum shareholder value through profitable growth driven by low-cost, sustainable operations.
